Kids Against Hunger®

Coalition

Feeding families around the world...and around the corner.

Our Commitment

Richard Proudfit
Founder/CEO

Kids Against Hunger is a nonprofit humanitarian food aid organization with the mission to significantly reduce the number of undernourished children around the corner in the United States and starving children around the world. Our fully nutritious meals are packaged by volunteers and delivered to starving families with the help of worldwide partners.

Kids Against Hunger was founded by Richard Proudfit in 1999. While on a medical mission in Honduras, he was profoundly affected by the starvation he saw among the children and made a decision to commit his life and financial resources to solving world hunger. His life's work became clear to him--feed these starving children.

HUNGER.

"It wasn't long until I began to see the children--literally dying around us. One mother came to me crying, carrying her nearly dead child, pleading for help. That was when the Lord broke my heart and brought me to my knees and I knew I had to come back to do something about it."
