SELF DEFENSE FOR KIDS *Ages 7-11 (LC)*

Y8051 **Monday 5/10** **4:30-5:30pm** **SCSACE Room 105** **\$10** **1 Night**
If someone wants to hurt our kids, they won't choose a time or a place with witnesses. That means no parents, no teachers, no policemen, just our children and the predator. The safety of our children will depend on their ability to recognize a threat and respond effectively. These fun, interactive and age appropriate workshops teach essential, lifesaving information about the threats facing our children, strategies for prevention and real world techniques designed to reduce their risk of abductions, assaults and other forms of violence. But most of all, these programs teach students that they have the right to be safe, that no one has the right to hurt them and that their life is worth protecting.

EDDIE EAGLE GUN SAFE PROGRAM *Ages 5-9*

Y8052 **Wednesday 6/2** **4:00-5:00pm** **SCSACE Room 105** **FREE** **1 Day**
With firearms in half of all American homes, it is essential that children learn to protect themselves from gun accidents. The Eddie Eagle Gun Safe Program is nationally recognized and teaches children in pre-K through third grade four easy lifesaving steps to protect their safety if they find a gun. This program started in 1988 and has reached more than 21 million children throughout all 50 states and was developed through the combined efforts of clinical psychologists, reading specialists, teachers, curriculum specialists, urban housing safety officials and law enforcement personnel. The program is fun, free and includes the use of workbooks, stickers and an animated video. **MUST PRE-REGISTER FOR CLASS**

SUMMER SCHOLARS

For students who need remedial help as well as those students who wish to keep their skills sharpened over the summer. The lessons will reinforce what your child has learned during the past year and expand his or her skills with a variety of activities. Children will participate in a relaxed, comfortable, yet structured environment.

Please enroll early so that you and your child's current teacher will have time to fill out an assessment form that will help guide the summer teacher to know what skills are most important to focus on. REGISTER FOR GRADE JUST COMPLETED.

MATH

Math encompasses so many ideas and concepts that it is no wonder children ...and adults for that matter...have trouble with it. But, you can never just quit using math. Things you learn in First Grade will continue to be built upon year after year. So it is necessary to get that good foundation and understanding of concepts used in Grades 1-5 which may include: comparing, counting, order & place values, estimating, rounding, adding, subtracting, patterns, fractions, shapes, geometry, measurement, graphs, multiplication, division, mixed operations, decimals, Roman numerals, writing numbers in words and telling time.

Y7000 MATH Grade 1

9:00-10:00 Mon. - Thurs. 7/7 thru 8/10 5 weeks \$80

Y7001 MATH Grades 2-3

10:00-11:00 Mon. - Thurs. 7/7 thru 8/10 5 weeks \$80

READING

Learning to read is hard work for children. It takes practice and more practice. Reading skills learned in the early grades are the basics of sounds, sight words, vocabulary, ideas, decoding unfamiliar words, comprehension, grammar, writing, listening, and speaking. Reading moves from learning how to read, to *using* reading in every aspect of our learning. Reading suddenly becomes integral to every subject in school, and will continue to be so through college and beyond. **When children become good readers in the early grades, they are more likely to become better learners throughout their lives.**

Y7002 READING Grade 1

10:00-11:00 Mon. - Thurs. 7/7 thru 8/10 5 weeks \$80

Y7003 READING Grades 2-3

9:00-10:00 Mon. - Thurs. 7/7 thru 8/10 5 weeks \$80

Y7004 READING Grades 2-3

11:15-12:15 Mon. - Thurs. 7/7 thru 8/10 5 weeks \$80

Y7005 MATH & READING Grades 4-5

11:15-1:00 Mon. - Thurs. 7/7 thru 8/10 5 weeks \$140
