

WHAT'S HAPPENING AT LAKE SHORE PUBLIC SCHOOLS?

BOND UPDATES AND SUMMER BREAK!

Bond work has been progressing nicely over the year. Safety and Security have been the first priority. Work is ongoing for the 2022/2023 school year and will be completed in the summer of 2023.

- ✓ Door Locking Systems
- ✓ Installing Emergency Alert Systems
- ✓ Increasing Video Surveillance
- ✓ Installing Key Fob Access

Gathering input from the community has been important to assist with upgrades throughout the district. For our summer projects, our elementary students will be casting their votes on which playground equipment they'd like added to their schools.

Input from our community has influenced furniture selection and interior design of flexible seating spaces for students. The interior will boast an innovative design that will promote interactive learning.

WHAT CAN YOU EXPECT?

During the summer months of construction, expect an increase in traffic entering and exiting Monday through Friday from 6:30 a.m. to 8 a.m. and 3:30 p.m. to 5:30 p.m. Frequent street sweeping will take place throughout the entire duration of the project.

There may be loud noises during certain construction activities, however, Construction Manager Barton Malow commits to minimizing impact to the community when possible.

Start: Spring of 2023
Completion: Winter of 2024

SUMMER HIGHLIGHTS:

- Playground Upgrades
- Classroom Renovations
 - Flooring
 - Lighting
 - Paint
 - Furniture
- Building Infrastructure Improvements
- Lake Shore High School Office + Student Commons Addition
