About Your Benefits

At Lake Shore Public Schools we are committed to providing a comprehensive and affordable benefits package to you and your family. Review this guide to learn about your options so you can make the most of your Lake Shore Public Schools benefits. If you have any questions, feel free to reach out to Nate Conner @586.285.8491 or nconner@lpsps.org.

Your eligibility for the Lake Shore Public School's benefit plans is detailed in your employee group contract. If you enroll in benefits, you may also cover your:

- Legal spouse
- Children until the end of the month they turn age 26
- Unmarried children of any age who are mentally or physically disabled

Making Changes to Your Benefits

Each year, you can make changes to your benefits during open enrollment. You may make mid-year changes to your benefits only if you have a qualifying life event. Examples of qualifying life events include:

- Marriage or divorce
- Birth or adoption of a child
- Change in a dependent's eligibility status
- Change in your employment status for you or your dependents resulting in the loss/gain of coverage
- A significant change in the cost or coverage of your dependent's benefits
- Change in the cost of dependent care (for dependent care flexible spending accounts only)
- Death of a dependent

You have 30 days from the date of the event to notify HR of any changes to your elections. Keep in mind, the change you make must be directly related to the event.

Common Health Insurance Terms

Below are a few helpful insurance terms to know before looking through your coverage options.

Deductible

The amount you pay out of pocket for health care services before your plan begins to pay a portion.

Copay

A set dollar amount you pay for a covered health service, typically at the time of receiving the service.

Network

The health facilities and providers your medical plan is contracted with to provide services, typically at a lower, negotiated rate.

Coinsurance

Your share of the costs of covered health care services after you reach your deductible.

Example: Your plan shows 20% coinsurance for a covered service. If the service costs \$100, you pay \$20.

Preventive Care

An annual, routine or physical checkup. Preventive care includes immunizations, lab tests, screenings, and other services intended to prevent illnesses. This is 100% covered by your health plan.

Out-of-Pocket Maximum

The most you'll have to pay for health care services before your plan begins to pay for 100% of covered costs.

Medical Coverage

See the table below for an overview of coverage options and charges for each plan.

Finding providers in-network

You'll save the most money who you choose in-network doctors, hospitals, and pharmacies. Log onto www.bcbsm.com and use the Find a Doctor tool when searching for care.

Prescription Drug Coverage

Prescription drug coverage through Blue Cross Blue Shield of Michigan is included with both of our medical plans. Review the chart below for the amount you will pay for the prescription drug service listed.

Prescription drug copays apply **AFTER** the plan's deductible.

		ENHANCED HSA 2000	ENHANCED HSA 2500	VALUE HSA 3000
		In Network	In Network	In Network
Retail (30-day Supply)	Generic	\$10	\$10	\$10
	Preferred	20% (max \$80)	20% (max \$80)	\$40
	Non-preferred	20% (max \$100)	20% (max \$100)	\$80
Mail order (90-day Supply)	Generic	\$20	\$20	\$10
	Preferred	20% (max \$160)	20% (max \$160)	\$40
	Non-preferred	20% (max \$200)	20% (max \$200)	\$80

Generic Drugs

Generic drugs are FDA-approved and shown to be just as safe and effective as their more expensive brand-name counterparts. If you choose a brand-name drug when a generic drug is available, you will pay the brand-name copay plus the cost difference between the generic equivalent and the brand-name drug.

Preferred Drugs

Blue Cross regularly reviews the latest prescription drugs on the market and maintains a list of preferred drugs that are clinically effective and not cost-restrictive. These drugs are available at a lower price than those not included on the list, which are called non-preferred drugs.

Specialty Drugs

Specialty drugs are typically used to treat chronic conditions like cancer or multiple sclerosis. These drugs tend to be more expensive and usually require special handling and monitoring. If you take a specialty medication, you could save money by using BCBSM's mail-order pharmacy. If you have questions about home delivery for specialty medications, please call AllianceRx Walgreens Pharmacy at 1-866-515-1355

Health Savings Accounts

Paying for Health Care

Lake Shore Public Schools offers employees Health Savings Accounts to set aside pre-tax dollars to pay for medical, prescription drug, dental and vision care expenses.

	Health Savings Account (HSA)
What medical plan can I choose?	All three plan options pair Health Savings Accounts. Employees who are ineligible for an H.S.A. may set aside funds in a Flexible Spending Account.
What expenses are eligible?	Medical, prescription drug, dental and vision care (See IRS publication 502 for a full list of eligible expenses)
When can I use the funds?	Funds are available as you contribute to the account
Can I roll over funds each year?	Yes, funds roll over from year to year and are yours to keep (even if you leave LSPS or retire)
How do I pay for eligible expenses?	With your Health Equity debit card (you can also submit claims for reimbursement online at www.healthquity.com)
How much can I contribute each year?	\$4,400 for individual coverage or \$8,750 for family coverage (this total includes company funding) in 2026
Can I change my contributions throughout the year?	Yes. Please see HR to adjust your contributions outside of open enrolment.

Note: If you are enrolled in Medicare, by law you are not allowed to contribute to an HSA. Lake Shore Public Schools offers ineligible employees the option of a Flexible Spending Account to set aside funds on a pre-tax basis. See HR for more information.

What are the tax implications of an HSA?

Contributions to your HSA reduce your taxable income, and qualified medical expenses are never taxed. All money set aside in an HSA grows tax-deferred until age 65, when funds can be withdrawn for any non-medical purpose at ordinary tax rates, or tax-free when used for medical expenses. You may contribute additional funds to your HSA (\$1,000 per tax year) if you will be 55 years or older by December 31. Learn more at www.healthequity.com.

Why should I consider it?	You can lower your taxable income to save some money while you take care of your daycare expenses
What expenses are eligible?	Daycare expenses for your children under age 13 or dependents who are mentally or physically incapable of caring for themselves (including elderly dependents)
When can I use the funds?	Funds are available as you contribute to the account with each paycheck

How do I pay for eligible expenses?	With your CARRIER debit card (you can also submit claims for reimbursement online at www.website.com)
